

GREENLEAF SECURITY **AWARENESS**

Think Before You Click!

Phishing emails are designed to trick you.

3 Red Flags:

1. **Urgent language ("Act now!")**
- 2.
3. **Suspicious sender (e.g., `support@paypa1.com`)**
- 4.
5. **Strange links (hover to see the real URL)**

What to Do

- **STOP**
- **Don't click anything.**

- **THINK?**
- **Is this email expected?**

- **REPORT**
- **Forward to security@greenleaf.com**

- **Passwords:**
- **Use passphrases**
- **(e.g., BlueBicycle!Roof#7)**

- **Never reuse passwords across accounts.**

- **Enable MFA wherever possible.**

Physical Security

- **Lock your screen when you step away.**
- **Keep sensitive documents out of sight.**
- **When in doubt, ask IT.**
- **Together, we keep GreenLeaf safe**
